  - **10.1.1** The request must be signed, dated, and submitted by the requesting party in writing to the Title IX Coordinator and include the name of the Complainant and Respondent and case number, if any, and a brief explanation of any specific informal resolution measures being requested by the party, if known.
  - **10.1.2** Cases in which a University employee is alleged to have sexually harassed a student are not eligible for informal resolution.

# 10.2 University Response to a Request for Informal Resolution.

- 10.2.1 University Discretion. Upon receipt of a request for informal resolution, the Title IX Coordinator will make a preliminary determination as to the propriety of informal resolution in the particular case based upon the allegations in the formal complaint, the health and safety of all parties and the campus community, whether or not the Respondent has admitted or wishes to admit responsibility, the adequacy of existing supportive measures in relation to an informal resolution process, and any other factors determined to be relevant. The Title IX Coordinator may consult with any assigned Investigator or Decision Maker and with University legal counsel in making this determination. If the Title IX Coordinator determines that informal resolution is not appropriate for the case, the Title IX Coordinator will send written notice of denial to the requesting party.
- **10.2.2 Notice of Request for Informal Resolution**. If the Title IX Coordinator determines that informal resolution is appropriate, the Title IX Coordinator will send written notice of request for informal resolution which shall include:

- **10.2.2.1** A summary of the allegations from the formal complaint;

- **10.2.2.3** A statement that both parties must agree to participate in informal resolution by signing a voluntary, written consent to the informal resolution process;
- 10.2.2.4 A statement about the consequences or effects of opting into the informal resolution process, including that it will suspend the grievance process at its current stage and that it precludes the parties from resuming a formal complaint arising from the same allegations unless a party formally withdraws their consent to the informal resolution process prior to agreeing to an informal resolution;
- **10.2.2.5** A statement about the records that will be maintained and shared within the informal resolution process;
- 10.2.2.6 A statement about the consequences or effects of signing a written informal resolution agreement following an informal resolution process, including that it will constitute final resolution of the formal complaint and that it will preclude the parties from resuming a formal complaint arising from the same allegations in the future;
- **10.2.2.7** A statement about the potential consequences of failing to adhere to the terms of a signed Informal Resolution Agreement; and
- **10.2.2.8** As statement about the right and process to withdraw consent to informal resolution.
- 10.2.3 Consent to Informal Resolution. Both parties must sign a voluntary, written consent to proceed with an informal resolution process. If one or more parties do not provide voluntary, written consent, the Title IX Coordinator will sent written notice to both parties that the request for informal resolution is denied and that the grievance process will continue.
- 10.3 Informal Resolution Process. Upon receipt of voluntary, written consent to informal resolution from all parties, the Title IX Coordinator shall designate an Informal Resolution Facilitator to oversee the informal resolution process. The purpose of the informal resolution process is to collaboratively develop a plan, agreeable to both parties and the University, that that will resolve the formal complaint without completing the grievance process or a determination of responsibility. The goal of the informal resolution process is to develop a written and binding Informal Resolution Agreement, signed by both parties and the Title IX Coordinator. Examples of informal resolution that may be facilitated by the University include but are not limited to: simple agreement, mediation, arbitration-like adjudication (similar to the grievance process but without a live hearing and live cross-examination), or a restorative justice process.
  - **10.3.1** Role of Informal Resolution Facilitator. The role of the Informal Resolution Facilitator is to informally mediate an Informal Resolution Agreement that resolves the formal

complaint to the satisfaction of all parties and the University. For purposes of this section, "informal mediation" indicates that this term used used generically and shall not be interpreted as an indication that the University will provide a certified mediator. Rather, the University will provide informal facilitation and intervention, through the trained Informal Resolution Facilitator, in order to enable an agreeable case resolution between the parties.

- 10.3.2 Initiating Informal Resolution. The specific process for any informal resolution will be determined by the parties and the Title IX Coordinator, in consultation together. Before commencing the informal resolution process agreed upon, the Title IX Coordinator will transmit a written notice to the parties that:
  - **10.3.2.1** Describes the parameters and requirements of the informal resolution process to be utilized;
  - 10.3.2.2 Identifies the Informal Resolution Facilitator responsible for facilitating the informal resolution (who may be the Title IX Coordinator, another University official, or a suitable third-party);
  - 10.3.2.3 Explains the effect of participating in informal resolution and/or reaching a final resolution will have on a party's ability to resume the investigation and adjudication of the allegations at issue in the Formal Complaint; and
  - **10.3.2.4** Explains parameters applicable to use of information, evidence, and statements provided in the informal resolution process on future proceedings on the Formal Complaint or other allegations of policy violations, including violations of this policy and other University policies.
  - **10.3.2.5** Explains any other consequence resulting from participation in the informal resolution process, including a description of records that will be generated, maintained, and/or shared.
- **10.3.3 Informal Resolution Agreement**. The Informal Resolution Agreement is considered a binding contractual agreement between the parties and the University.
  - 10.3.3.1 The Informal Resolution Agreement may entail a myriad of resolutions so long as they are lawful and agreed upon by all parties and the University. Many resolutions may be equivalent or similar to supportive measures as outlined in PS 4, except that unlike pre-grievance supportive measures, such informal resolution measures may be disciplinary or punitive in nature as to the Respondent or otherwise burden the Respondent (such as requiring a Respondent to be removed from or reassigned units within student housing; or requiring a Respondent to change class sections), so long as the Respondent consents to the measures in an Informal Resolution Agreement.
  - **10.3.3.2** The Informal Resolution Agreement may or may not address fault or admissions of guilt as negotiated by the parties and University.

### 10.3.4 Effect of Informal Resolution Agreement.

10.3.4.1 Upon execution of an Informal Resolution Agreement, the formal complaint will be closed as fully resolved and, regardless on any admission of responsibility, will not result in a formal determination of responsibility against the Respondent for a violation of PS 4.

- Any party that fails to adhere to the terms of an Informal Resolution Agreement may be subject to discipline. For students, such failure shall be considered a violation of the Student Code of Conduct and may be subject to discipline, up to and including expulsion. For employees, such failure shall be considered a violation of the terms of employment and may be subject to discipline, up to and including termination.
- **10.3.5 Terminating the Informal Resolution Process.** If at any point, the Informal Resolution Facilitator believes that the informal resolution process is no longer safe, effective, or valuable, the Informal Resolution Facilitator may terminate the informal resolution process by providing written notification of the termination and the reasons for the termination.
- 10.4 Right to Withdraw Consent to Informal Resolution. At any time prior to agreeing to an informal resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
  - **10.4.1** A request to withdraw consent to informal resolution must be signed, dated, and submitted by the requesting party in writing to the Title IX Coordinator.
  - **10.4.2** Upon receipt of a request to withdraw consent, the Title IX Coordinator will grant the request and direct the Informal Resolution Facilitator to immediately cease all informal resolution actions and transmit all records to the Title IX Coordinator.
- 10.5 Termination of Informal Resolution Process; Resumption of Grievance Process. Upon withdrawal of either party's consent to informal resolution of the termination of an informal resolution process by the Informal Resolution Facilitator, the Title IX Coordinator will provide written notice to both parties and Advisors, if known to the University, that the formal grievance process will be resume at the point at which it was previously suspended as a result of the informal resolution process. The Title IX Coordinator will also notify all officials involved in the grievance process and take any steps necessary to promptly resume the grievance process.

- **11.1 Designated Investigator**. The Title IX Coordinator designates a trained Investigator, who is responsible for conducting a fair and impartial investigation of the Prohibited Conduct alleged in the formal complaint.
- **11.2 Purpose**. The purpose of the investigation and responsibility of the Investigator is to gather evidence sufficient to reach a determination regarding responsibility for the alleged Prohibited Conduct.
- **11.3** Evidence Gathering. The Investigator may gather information in multiple ways.

  - **11.3.2.1.4** Any Advisor who does not comply with the restrictions in this section may be removed and excluded from the remainder of the meeting, interview, or proceeding.

- 11.3.2.5 Seek consultation or statements from expert witnesses who may provide relevant information to understand a technical matter (*e.g.*, the University Director of Information Technology Services in matters involving University IT systems).

- 11.3.3 The Investigator may not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party has provided voluntary, written consent for the Investigator to do so for purposes of the grievance process.
- 11.4 Evidence Review. At least 10 calendar days prior to completion of an investigative report, the Investigator shall provide both parties and their Advisors, if known to the University, an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint. The Investigator shall provide all such evidence to the Title IX Coordinator for official recordkeeping. This includes all evidence gathered, including evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or another source. There is no right of review for evidence not directly related to the allegations, to illegally obtained evidence, or to evidence that is otherwise barred from use in this grievance process. - **12.3.2.1** The Title IX Coordinator shall request and the parties shall provide the following information in writing to the Title IX Coordinator prior to the scheduled hearing:
  - **12.3.2.1.1** No later than five (5) days prior to the hearing:
    - **12.3.2.1.1.1** Whether or not the party intend to bring an Advisor of choice to the hearing. This will allow the University sufficient time to assign an Advisor to conduct cross-examination on the party's behalf at the hearing.

- 12.3.2.1.1.2 A list of witnesses, including if applicable the assigned Investigator(s), the party intends to call at the hearing. This does not prevent the parties from calling additional witnesses during the hearing, but parties are expected act in good faith in disclosing all potential witnesses known to the party at the time. The Title IX Coordinator will ensure that each party receives a copy of the other party's witness list.
- **12.3.2.1.2** No more than two (2) business days prior to the hearing, a list of questions each party intends to ask each witness identified on the witness lists.
  - **12.3.2.1.2.1** The Title IX Coordinator will share each party's questions with the other party.
  - **12.3.2.1.2.2** The Hearing Officer will evaluate whether the questions are relevant, and prior to or at the outset of the hearing, explain the rationale for any relevancy decisions with both parties.
  - **12.3.2.1.2.3** This does not prevent the parties from asking additional questions at the live hearing, for which the Hearing Officer will determine relevancy during the course of the hearing.
- **12.3.3 Basic Stages of Hearing.** The hearing will follow the basic stages below. The Hearing Officer may impose time limits on opening and closing statements so long as each party is provided equal time and opportunity at each stage. Unless otherwise directed by the Hearing Officer, at each stage the Complainant will go first, followed by the Respondent.

# 12.3.3.1 Opening the Hearing.

- **12.3.3.1.1** The Hearing Officer shall open the hearing by starting the recording or transcription required by Section 12.4. The Hearing Officer shall introduce the matter by noting the parties, assigned case number (if any), and summarizing the allegations in the formal complaint and the purpose and scope of the hearing.
- **12.3.3.1.2** All individuals present in the hearing shall be identified on the record by their name and role (*i.e.*, Complainant, Respondent, Complainant's Advisor, Respondent's Advisor, Investigator, Hearing Officer, and Decision Maker).
- 12.3.3.2 Written Statements. Each party is allowed, but not required, to present a written statement at the hearing of no more than 10 type-written pages using reasonable margins, spacing, and no less than 12-point font size. A written statement should briefly summarize the party's complaint or defense and the party's requests as to the outcome of the matter. The written statement must be signed and dated by the Respondent or Complainant and will become a part of the hearing record.

#### 12.3.3.3 Presentation of Evidence

- 12.3.3.3.1 Investigative Report and Underlying Evidence. The Decision Maker shall formally receive the investigative report as an exhibit into evidence for consideration in the determination of responsibility. The Investigator(s) named in the investigative report shall be available for the live hearing and may be called by either party as a witness to submit to cross-examination. For the avoidance of all doubt, the investigative report may be considered by the Decision Maker in making the determination of responsibility, as long as the Investigator is available for the live hearing and both parties have the opportunity to cross-examine the Investigator(s), whether or not the Investigator(s) actually testifies or is called by a party to submit to cross-examination. The Decision Maker shall also receive into evidence as exhibits all documentary and physical evidence considered by the Investigator, except that the Decision Maker must, upon objection of party or the Decision Maker's own motion, exclude and disregard any evidence prohibited under Section 12.3.4.
- 12.3.3.3.2 Offer and Receipt of Exhibits by Party. Each party may offer relevant documentary and physical evidence it wishes the Decision Maker to receive into evidence as exhibits and consider in reaching a determination of responsibility. Documentary and physical evidence may be offered by a party at the outset of their case presentation or throughout their witness testimony. The Decision Maker shall receive exhibits into evidence upon request of a party, except that the Decision Maker must, upon objection of the other party or the Decision Maker's own motion, exclude and disregard any evidence prohibited under Section 12.3.4.
- **12.3.3.3.3 Witnesses**. Each party call witnesses to testify at the hearing.
  - **12.3.3.3.1** Each witness called will customarily pass through the following steps of testimony:
    - **12.3.3.3.1.1** Direct examination or questioning conducted by the party who called the witness. A party who is testifying as a witness may provide testimony in a narrative format. A party may not be questioned by their own Advisor.
    - **12.3.3.3.1.2** Cross-examination by the opposing party or by opposing party's Advisor.
    - **12.3.3.3.1.3** In the discretion of the Hearing Officer, re-direct examination by the party who called the witness and recross examination by the opposing party or by opposing party's Advisor.
    - **12.3.3.3.1.4** The Decision Maker also has the right and responsibility to ask questions and elicit information from parties and witnesses on the decision-maker's own initiative to aid

the Decision Maker in obtaining relevant evidence both inculpatory and exculpatory.

- 12.3.3.3.2Only relevant cross-examinations and other questions may be asked of a party or witness. Questions deemed irrelevant in prehearing procedures are not allowed. This does not prevent the parties from asking additional questions at the live hearing. The Decision Maker is responsible for determining relevance in accordance with Section 12.3.4.4 below. The Decision Maker will provide a verbal explanation for any decision(s) within the hearing to exclude a question as not relevant.
- 12.3.3.3.3 Cross-examination must be conducted directly, orally, and in real time by the party's Advisor and never by a party personally. A party may not cross-examine an opposing party. Only an Advisor may conduct cross-examination of a party. If a party does not have an Advisor present at the live hearing, the University will provide without fee or charge to that party, an Advisor of the University's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party. If necessary, the Hearing Officer or Decision Maker may stop and postpone the hearing for a reasonable time, as necessary to assign an Advisor to the party. The Title IX Coordinator shall assist in assigning an Advisor.
- 12.3.3.3.4 Stipulations to Witness Testimony. In lieu of testimony of any particular witness, the parties may, through their respective Advisors, mutually agree to stipulate to what a witness would testify. This includes any Investigator, in which case the parties may stipulate through their respective Advisors, the Investigator(s) would testify to the information contained in the investigative report.
- 12.3.3.4 Closing Statements. Each party will be provided the opportunity to make closing statements. A closing statement should briefly summarize the party's complaint or defense and the party's requests as to the outcome of the matter. Only a Complainant or Respondent, may offer closing statements; an Advisor may not conduct the closing statement on a party's behalf.
- **12.3.3.5 Closing the Hearing**. The Hearing Officer announces the closing of the hearing and ends the recording or transcription.
- 12.3.3.6 Rescheduling Hearings. Hearings shall take place at the time and place set by the written notice of hearing unless rescheduled upon the written request of a party for good cause shown. The Decision Maker, Hearing Officer, and/or Title IX Coordinator may also reschedule a hearing at their own discretion for reasonable purposes. A party requesting a reschedule

shall provide a copy of the written request to the other party. Good cause for a request to reschedule a hearing may include, but are not limited to:

- **12.3.3.6.1** Illness of the party, a party's Advisor, or a witness.
- **12.3.3.6.2** A change in Advisor or newly discovered evidence that requires additional time for preparation.
- **12.3.3.6.3** The parties are negotiating an agreement to proceed with Informal Resolution.
- **12.3.3.7 Recesses.** The Hearing Officer may recess the hearing for breaks, meals, and from day to day until the hearing is completed. The Hearing Officer may also approve reasonable requests from a party or Advisor for a recess, so long as they are made in good faith, for reasonable purposes, and will not unduly burden the other party.

### 12.3.4 Evidentiary Rules

- **12.3.4.1 Formal Rules of Evidence Do Not Apply**. Formal rules of evidence do not apply to hearings under this grievance process. The Decision Maker may receive any evidence containing relevant information and disregard any portions thereof which would be prohibited under this section.
- **12.3.4.2 Standard of Evidence**. The standard of evidence for a determination of responsibility shall be by clear and convincing evidence<sup>1</sup>, meaning the Decision Maker must determine, based upon credible facts supported by the evidence, that the allegations against the Respondent are highly probably to be true.
- **12.3.4.3 Witness Oath or Affirmation**. Any party or witness providing testimony or statements in the hearing shall be requested by the Hearing Officer to swear or affirm that the statements and information they provide is true and correct to the best of their knowledge.
- 12.3.4.4 Relevancy Determinations. All evidence considered by the Decision Maker and questions asked of a testifying party or witness during a hearing must be relevant. The Decision Maker is responsible for determining relevance of any evidence or question asked of a testifying party or witness. The Decision Maker may consult with the Hearing Officer and/or University legal counsel in making relevancy determinations. Either party has the right to object to evidence or questions based upon relevance. The relevancy determination shall be based what a reasonable person would consider relevant based upon logic and common sense. Whenever a Decision Maker excludes evidence or disallows a question based upon relevance, the Decision Maker shall

<sup>&</sup>lt;sup>1</sup> Except in cases where an applicable state law requires a different standard of evidence, including but not limited to Illinois and California. The Title IX Coordinator will notify the parties in writing prior the hearing if a different standard of evidence is required by law.

- explain to the reasons for this decision orally to the parties on the record. In general, the following will be excluded as not relevant:
- 12.3.4.4.1 Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent;
- **12.3.4.4.2** Information protected by a legally recognized privilege;
- **12.3.4.4.3** Any party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party has provided voluntary, written consent for the Investigator to do so for purposes of the grievance process;
- **12.3.4.4.4** Evidence that is unnecessarily duplicative of other evidence already in the record.
- 12.3.4.5 Party or Witness Refusal to Submit to Cross-Examination; Effect. If a party or witness does not submit to cross-examination at the live hearing, the Decision Maker must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the Decision Maker cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer crossexamination or other questions. This includes both oral and written statements of a party or witness. A party or an Advisor acting on behalf of a party may waive the right to cross-examine the other party or any witness: (1) in writing prior to the live hearing (which shall permit the Decision Maker to consider the party or witness's statements whether or not the party or witness is present at the hearing); (2) orally at the hearing; or (3) by declining, refusing, or otherwise failing to ask crossexaminations during the course of the hearing. A waiver of a party's right to cross-examine the other party or any witness shall not render the statements of the party or witness inadmissible.
- **12.3.4.6 Out of Hearing Statements.** The preceding rule requires the Decision Maker to disregard prior statements by any individual unless the individual who made the statement submits to cross-examination at the live hearing.

12.3.4.7 Late Submissions. Submission of evidence after the close of the hearing may be made only with the permission of the Decision Maker after written notice of the request is provided to the other party. Late submissions will generally not be allowed unless the evidence is newly discovered or in other exceptional circumstances in the discretion of the Decision Maker. The Decision Maker must provide both parties an equal opportunity to submit written responses to any late submissions and may reopen the hearing to allow for additional hearing on the matter.

# 12.3.5 Advisors; Advisor Participation

- 12.3.5.1 Right to an Advisor of Choice. Each party has the right to have an Advisor of their choice, who may accompany the party to any meeting or proceeding under this policy, receive certain information about the case from the University, and ask relevant questions of the other party and any witnesses during a live hearing, subject to the limitations in this document and/or PS 4. An Advisor may be, but is not required to be, an attorney. Each party is responsible for notifying the University of their Advisor of choice and ensuring that the Advisor is present at any meeting, proceeding, or hearing. Each party is responsible for any costs or fees charged by their Advisor of choice.
- **12.3.5.2 Advance Notification.** Each party must inform the Title IX Coordinator whether or not they intend to bring an Advisor of choice to the hearing in accordance with Section 12.3.2. This will allow the University sufficient time to assign an Advisor to conduct cross-examination on the party's behalf at the hearing.
- 12.3.5.3 University-assigned Advisor. If a party does not have an Advisor present at a hearing under this grievance process, the University will provide an Advisor for the party to conduct cross-examination on the party's behalf. In such event, the Title IX Coordinator shall assign an Advisor from a list of trained Advisors selected by the University. This provision shall not be interpreted to require the University to pay for or provide an attorney to any individual. The Decision Maker or Hearing Officer may stop and recess or reschedule a hearing as necessary to assign and allow a reasonable time for preparation of an Advisor to conduct cross-examination on the party's behalf. If a party refuses to allow an Advisor to conduct cross-examination on their behalf, the Advisor will remain in the hearing and available to conduct cross-examination, but the party will not be permitted to conduct cross-examination themselves.
- **12.3.5.4 Limitations on Advisor Participation.** An Advisor's role is to accompany the party to any meeting or proceeding under this policy and to conduct reasonable and relevant cross-examination of the opposing party and other witnesses during any hearing within the grievance process. While a party has the right to have an Advisor present at any meeting,

investigative interview, hearing, or other proceeding under this grievance process, an Advisor is generally prohibited from participating, speaking, objecting, submitting evidence or statements, calling or questioning witnesses other than the opposing party, or otherwise acting on a party's behalf except as explicitly stated in PS 4 or this grievance process.

- **12.4 Recordkeeping.** The University shall create a true and correct record of each hearing under this grievance process by audio recording, audiovisual recording, or transcription. Such recording or transcription will be available to the parties for inspection and review upon request.
- **13 Dismissal.** A formal complaint may be dismissed and closed at any point in accordance with this section. Only the Decision Maker can dismiss a case after a formal complaint has been filed.
  - **13.1 Mandatory Dismissal.** The Decision Maker is <u>required</u> to dismiss a formal complaint if:
    - **13.1.1** The conduct alleged in the formal complaint would not constitute prohibited conduct as defined in PS 4 even if proved to be true;
    - **13.1.2** The conduct alleged did not occur in a University education program or activity as defined in PS 4 even if proved to be true; or
    - **13.1.3** The conduct alleged did not occur against a person in the United States.
  - **13.2 Discretionary Dismissal.** The Decision Maker may, in his/her discretion, dismiss a formal complaint at any time during the investigation or hearing if:
    - **13.2.1** The Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the formal complaint or any allegations therein;
    - **13.2.2** The Respondent is no longer enrolled as a student with or employed by the University; or
    - **13.2.3** Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
  - **13.3 Written Notice of Dismissal Required.** The Decision Maker shall issue a written Notice of Dismissal, which shall be provided to both parties by the Title IX Coordinator simultaneously, and will include a brief statement of the reason(s) for the dismissal.
  - 13.4 Dismissal; Appeals; Effect.
    - **13.4.1 Either party may appeal a dismissal.** Appeals of a dismissal decision will be carried out as detailed in Section 16, except that in addition to the grounds for an appeal listed in that section, a dismissal decision may also be appealed on the grounds that the Decision Maker erred in determining that grounds for dismissal exist under this section.
    - 13.4.2 Dismissal of a formal complaint under PS 4 does not preclude action by the University under the Student Code of Conduct (PS 1901), the Student Housing Handbook, the Employee Handbook, or any other University policy. The Decision Maker or Title IX Coordinator may disclose information as appropriate to other University officials responsible for investigating such violations.

# 14 Determination of Responsibility

- **Standard of Evidence.** The standard of evidence for a determination of responsibility shall be by clear and convincing evidence, <sup>2</sup> meaning the Decision Maker must determine, based upon credible facts supported by the evidence, that the allegations against the Respondent are highly probably to be true.

  - **14.2.1** The preceding section shall not be interpreted to prohibit the Decision Maker from seeking legal advice from University legal counsel.
  - 14.2.2 In the event that the Decision Maker determines that the Respondent is responsible for a violation of PS 4, the Decision Maker may also, prior to determining sanctions and issuing a written decision, consult with the Title IX Coordinator and any other appropriate University officials with disciplinary authority or responsibility regarding appropriate sanctions or discipline to be imposed.

# 14.3 Written Notice of Determination Required.

  - **14.3.1.4** Conclusions regarding the application of Student Code of Conduct, the Faculty Handbook, or Employee Handbook to the facts and, if warranted, recommendations to appropriate University officials regarding additional sanctions for violations outside the scope of PS 4;
  - **14.3.1.5** A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the University imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided by the University to the Complainant; and
  - **14.3.1.6** The procedures, permissible grounds, and timeframe for appeal under this grievance process.
- **14.3.2 Timing.** The Notice of Determination is typically issued within fourteen (14) calendar days after the hearing is closed, subject to reasonable extensions in accordance with Section 8.2.
- **14.3.3 Effective Date of Determination**. A determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination

#### 15 Sanctions and Remedies

- **15.1 Sanctions.** The Decision Maker may impose sanctions as allowed under PS 4 following a determination of responsibility. The Decision Maker will enumerate all sanctions in writing within the Notice of Determination.

  - **15.2.1** The University will not disclose to a Respondent any remedies that do not directly affect the Respondent. Such remedies will be listed on a separate sheet as an addendum to the Notice of Determination and will not be disclosed to the Respondent or any other third party, except the to Title IX Coordinator, to University officials with a need to know in order to implement the remedies, or as required by law.

# 16 Appeals

- **16.3** Grounds for Appeal. A party may appeal only based on one or more of the following grounds:
  - **16.3.1** Procedural irregularity that affected the outcome of the matter, including an erroneous relevance determination that affected the outcome;
  - **16.3.2** New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and/or
